Poised as one of Asia's world-class shopping destinations, Shanghai has it all, from bargain hunting to luxury brands. We offers personalized shopping tours to help you realize all the shopping potential of Shanghai. Your shopping guide takes the hassle out of dealing with language barriers, taxi drivers, map reading, and the ultimate - too much to do, too little time to do it. Our customized shopping tours encourage you to shop for what you want when you want. On our shopping tour, a local guide worry about the details so that you can enjoy finding that perfect item.

Your shopping guide will act as your interpreter, tour guide, personal shopping consultant, negotiator (if you wish), personal assistant, and concierge, as well as offer you local insider knowledge.

Need dinner reservations? Restaurant recommendations? No problem, your guide has you covered. Your guide can also assist you with shipping your purchases home.
